Salutations,

In commemorating the 8th International Parents Conference & Embassy Walk set between September 29 till October 1, 2021, taking place in Washington, Dc at the United States of America, amid the asperity of the social and political climate imposing so many threats upon innocent children which necessitate that we employ all our efforts in solidarity with their righteous cause. Tripoli Bar Association in Lebanon, through its President Me. Mohammad Mourad, stand in solidarity upon your efforts to build bridges between families, governments and nations for family reunifications.

As you walk the path of advocacy to end International Child Abduction and to seek justice for children and families, we acknowledge your efforts for the righteous cause and we stand by your side to face the pertinent challenges in unity from our position as a leading protection actor in Lebanon and the region.

Tripoli Bar Association, through its specialized centers and pertinent taskforces of highly trained lawyers and academics, is always ready to put the needed efforts to advocate for Human Rights and Access to Justice to right-holders wherever needed.

Sincerely,

Tripoli Bar Association - Lebanon
President Mohammad Mourad
